Alfie

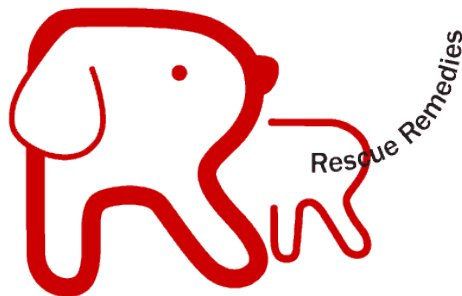

Do you have room in your *Heart and Home* for a rescue dog while they wait for their Forever Home?

At Patterdale Terrier Rescue (part of Rescue Remedies Dog Rescue) we are always in need for more foster homes in the South East. Fostering not only gives our dogs love, security and a better chance of finding their forever home, it also frees up a kennel space so another dog's life can be saved.

We have a wide range of foster homes, including those with children, other dogs, cats etc. Please visit our website and complete a fostering questionnaire – we will be in touch!
