Betty Boxer x DofB 01.13 Chessington Kenns W

Betty arrived in the pound very nervous, already chipped & spayed. Betty is gaining confidence within the Rescue and given time her worried little face will show relief. Enjoyed a weekend out of kennels and what a joy to see her relax. **Beautybetty**

**Briony Crossbreed x Terrier DofB 2015 West Moseley Foster** Abandoned in a vets with her female Staffie friend who may have been her mother. Both were very underweight and neglected. Briony is now spayed and prepped for homing. We know she has good dog skills can be a little barky seeing dogs but meets them well. Soft dear, dear soul **Brilliant**

**Buster Lurcher x Staffie 15.04.15 Gatwick Kenns** Buster came in as a scared boy but oh how he is coming on and relaxing and enjoying other dogs company of their walks. Early days but yes with the right supportive family ready for homing, until then we will watch he open and unfold **Lovely boy**

**Chalkie JRT x Staffie DofB 10.15 Guildford Kenns**

**Frankie Xbreed DOB 08.14 Guildford Kenns** Arrived as a young puppy & has grown up in the 'pound pack' He gets his confidence from the other dogs & is able to form relationships with people but currently scared of most men, enough to inhibit his homing which is so sad. We need to set up a rehab programme for him but a foster place would help as he has had such little understanding. **Help him please**

### Glynis Shar Pei DofB ?2010 Gatwick Kenns

### Graham Lab x Rottie Dofb ?2013 Broxbourne Kenns

Graham is so good with dogs; definitely must have grown up with them. He may still be a bit chewy only because his circumstance have not allowed him to work through this essential phase of development. Can be a precious & seems over-awed about being in a home so will need a family committed to him & allow him to make a few mistakes & simply flood him with items he can explore & enjoy as get his impoverished background. Non challenging approach: Sad background we feel.

**Gem of a dog**

### Hank Mastiff x DOB Jan 08 Guildford Kenns

Hank is personable & people love him. He finds kennels hard as he is not one for dogs in his face, though content to walk with other dogs. Hank is socializing with other dogs at the kennels out on walks. Hank shared his kennel with a fluent bitch & was much happier. He needs to be managed by a large dog family, happy to continue our work in building his confidence outside, Wears a muzzle easily as he is fascination small dogs. **Thank you**

### Hooch Shar Pei x DofB 18.09.15 Gatwick Kenns

**In rehab** Hooch is a young bouncy Shar pei x who is trying to find his feet in Rescue. Hooch is mouthy & needs creative expression for his puppy energy. He can't live with children until he has achieved developmental milestones. We have a 3 month puppy in an adults body.

Hoochy hard mouths so unsuitable for live in children and need a commitment family to help him through. We are working with him to gain the lick but not the excited over zealous grab!

**Poochy**

### Huckleberry Hound! DOB 11.12 Gatwick Kenns

Huckleberry is enjoying living with other dogs & doing so well in a training foster home. Walks to heel, sits on command, give paw, leaves. Huckleberry doesn't like confrontation so anyone with 'dominance theory' which we don't agree with, need not apply. Recommend a relationship strengthening focus: May have had harsh treatment in his past. Huckleberry needs a kind home where he has guidance with fondness & joy in your voice. **Hounddog**

### Jethro Mastiff Crossbreed DOB 2011 Gatwick Kenns

Wonderful people skills, needs more exposure to life as looks a little overawed with life. Has regular days out & enjoys walking in public. Travels well in the car as front companion! Affectionate & seeks to obey & please. Settles in meeting dogs. Pulls on the lead so walked with a waist belt & improving but has stopped him finding his home. Waiting for further opportunities to prove himself. **Big gentleman**

### Lily Pug x Staffie DOB 07.13 Richmond Foster

Lily is a small little pretty crossbreed with a charming overshoot under jaw. Lily grew up in kennel from 4 months old arriving in Rescue 8 months later. She is a little sharp in a pack but does live successfully. Desperate for love. Lily wins hearts such a dear soul. She needs a bull breed owner who can support her with on lead encounters around dogs, could live with another accomplished dog who is easy going. Not for children; lost home as excitable around visitors. **Blossom**

### Marcus Staffie x DofB 2012 Gatwick Foster

Marcus is the gentles of souls. If you are looking for a soulmate this is your boy . Marcus is looking for his soul mate. Thrives and relaxes in company. Is learning to settle when left but just 15 mins at the moment in the house but a lot more contact if in company enjoying the garden with a human nearby. Unruly in the sense opens lever door; alights on kitchen surfaces and is a swift food thief Early days. Mixed with 5 other dogs Chilled **Poor Marcus**

Missie Labrador x Staffie DOB 2013 Gatwick Kenns Missie is a large breed & has energy, love heaps of love & is a well manner girl. She so needs a family with large dog experience as she can pull together cats & initially on her walk but actually for large dog people she isn't a notable puller & is well manner around dogs. Not for off lead though as being a bull breed x the public are too nervous of her size. Such a true companion **Darling**

Olive Mastiff x DofB 2013 Guildford kennels Easy girl who is so gentle. Arrived with lots of signs she has been bred & bred from...now spayed and firmly in the precious pet category. Can get a little unsettled initially meeting people just a few barks and then with voice she settles and welcomes. **Olive alive**

Queenie Staffie x DofB 2012? Guildford Kenns Found post-puppy, still with milk. Very gentle girl who is receptive to meeting other dogs & very receptive to cuddles from humans but can surprise herself with nerves with new people as though she is concerned & shrinks away slightly! Is in foster with children and has really benefitted even though the foster family were novice they have grown in stature as has Queenie **Fab. girl**

Shadow Greyhound x DOB 2007 New Romney Foster

### Smiley Crossbreed DOB 2014 Chessington

**Kenns** Smiley is a Mastiff x who is very pretty & whilst she has good live in dogs skills; she is novice meeting dogs out in shared territory so needs guidance & support by an experience owner perhaps starting as an only dog. Smiley was fostered with 4 other bitches but ofcourse bitches are the most complex chemistry, to succeed as a harmonious pack, & sadly she was unsettled & lost her place. Now in kennels...waiting. Needs muzzling as not tolerance of bouncy off lead dogs. **Make me Smile**

### Tansy Presa Canario DOB 2010 Guildford

**Kenns** Tansy is a sweet natured dog who has a Mastiff feel in her softness of being & adoration of people. Tansy waited for a Rescue place for 9 months before she came in April16 & so we said lets help Tansy lets give her occupation & joy & above all hope. She is settling around other dogs on her walks & impressing us all. **Supreme**

### Trixie Staffie x DOB 10.12 Broxbourne Kenns

Sited as stray for days before picked up as a young dog who found it hard in kennels. Trixie was mixed in 9 pack of dogs which helped her confidence. Trixie is chilled in the home. Gets concerned with visitors in the home or public places. Weekend fosterers helped her confidence. Sweet so gentle just has trust issues which she is gradually leaving behind. Needs quieter home. Ideally to live with other dogs **Star**

### Vinnie Shar pei x Staffie DOB 2008 Guildford

**Kenns** Vinnie is a beautiful Shar pei x Staffie. He has a really fun character. Had a sheltered background living with an older man who recently died & not socialised so gets flustered with dogs in close proximity due to lack of skills. Loves his tennis balls. People should read up on Shar Pei s so they understand the breed e.g. ref Breed's fluency with dogs. The friend Staffie 'people person' shines out. He adores people. **Sincerity**

**Reserved**

Kira GSD x DofB 2013 Broxbourne Kennis Kira arrived on our doorstep clearly not having had care. She had 10 days with a committed family but reacted to a well intentioned stroke as it came from behind her. We are working on this sensitivity with her and she is showing more tolerance and acceptance of approach to her collar. Not for live in children and supervision or separation from visiting children. We are also working with her dog socialisation **Ice Queen**
