We have light at the end of our kennels.....

Aug 17

We love our dogs & you will too! The law has changed so if your dog is challenged by another dog & goes back & if anyone gets bitten your dog could lose their life & you could be prosecuted. We suggest on lead supported walks so you can prove you're responsible: Its not worth the risk.

HELP US TO HELP OUR DOGS in boarding kennels around London

Our kennel bills are huge all our dogs are neutered so suggested £175 don.

Supports our work & allows us to help the next.

Typical Staffies: Good meeting dogs on lead but keep moving

## Staffies of the Month July 17

### Dixie & Simon Staffie DofB 02.09 Broxbourne

Kenns Dear loves we find that they are litter brother & sister & their devotion is real. We took Dixie out of the car to photograph her & suddenly Simon was there...he collapsed the crate & pushed as a door which hadn't caught! They were soon running & playing together. Oh pray we find a family to except them both

### Bruce & Poppy Staffie Pair DofB 11 & 12 Guildford

Kenns Buddies they are who are a joy to behold in their love for one another. They do however need to be walked by 2 people or individual as they are young keen & on the larger size for Staffies. We have tried splitting them up but time again they have proven they are inter-dependable. They desperately need to be Rescue by their new family. Someone raised them together & now they are in care **Magic Couple**

**Bertie Staffie DofB 23.09.06 Broxbourne Kenns** Effy is a sweet natured dog who has in our view had a tragic life of living in an unheated kennel in the back garden with a 30 min. walk a day to look forwards to. It was a cultural decision not due to his behaviour. We have taken Bertie in at 10 years old who believes he is in a luxury hotel with warmth at night lots of friendly people coming to meet him & walks. He loves toys but destroys them. Looking for a understanding family to give him a new beginning **Effy yours**

**Blossom Staffie x DOB 2008 New Romney Foster** Lovely, lovely girl owned by a drug dealer & drug addict with 5 other dogs. Blossom is 7 years old & has led a sheltered life so is gradually embracing new situations & needs a very special home to be successful as she develops confidence; Blossom finds her world less 'frightening'. Receiving nurture in foster placement **Needs to flower**

**Big Bruce Staffie DofB ?2010 Guildford Kenns** Bruce has had a tragic life, found being sold for a £1 on free ad. Had been living in the back garden for 4 years due to family members allergies to him. He developed skin allergies & these have been treated. Bruce has joint problems but no surgical intervention can help. 3 years in Rescue & we are looking for a special family as Bruce's companion, experienced & responsible family to avoid long grass but fine on cut grass. Bruce hasn't had a normal life a totally impoverished one. Bruce needs company, has calmed with regular walks. **Darling**

**Buddy Staffie DOB 2013 Broxbourne Kenns** Little Buddy is well loved. He has a few fears that he has been overcoming. He was living with another confident dog & played but has lost his confidence meeting dogs outside: Defensive & tells dogs off coming into his space. Buddy is also scared of children. We are trying to rebuild his confidence. Happiest within doggie family with no pressures of children or other pets & walked in low dog density. Sensitive boy & always will be. **Buddy truly**

**Buttons Staffie DOB 2008 Gatwick Foster** Buttons is Mr Personality! 7 years young & settled in his skin. His eyes are like little shining buttons in his little button face. Mischievous definitely! Those eyes with delight when in company & he is so appreciative of affection. Settled around dogs once away from the kennel environment. Buttons will lead-play initially, which delays him finding his special family offering companionship: A Staffie you will want **Tweet Sweet**

**Codi Staffie DofB 20.10.09 Rustington** Codi came into Rescue when he was discovered by the police with his dead owner who had passed away 3-4 days since. Codi is an emotional Staffie who is full of character & life. Quite head strong & can pick & chose which dog he likes. He is quite vocal & will convey his likes & dislikes. Homed for 3 months but didn't like an ice cream lolly being parted from him & went for the boot that kicked it out of reach. For this reason we need a firm Staffie family who can work in with him **300% Staffilicious**

**Clover Staffie DOB 2010 Basildon Essex** Little love who adores her people & was happily homed until a change of working hours & Clover became distort her intellect told her 'mum should have been home by now'. Clover needs companionship did cope before routine change, so will cope with some leaving but very part time! Will tell bouncy dogs off but nothing more...only pet **A Pet indeed**

**Dylan Staffie DOB TBAss Gatwick Kenns** Dylan has already come a long way from the time his owner died & in desperation was given to druggies who neglected him & abused him. He is learning to trust again but needs just the right family to nurture & understand his frailties. Dylan is 200 % Staffie in affection...but is actively searching for love & stability. A little boy lost who needs to find himself in a family enveloped in love. **Mr Tambourine**

**Fudge Staffie x DofB 05.08.13 Gatwick Kenns** Gawgus boy with adoring eyes who wants to be your friend. Easy in the home & needs an inclusive life style. He can open levered doors & will try to seek you out but as he settles he settles within his own company. As he settles he loses some of the desperation. Needs low dog density & management on the lead as beginning to settle with dogs outside but strong on the lead **Toffee**

### Harrison Staffie DOB 2014 Guildford Kenns

Harrison is a longer legged Staffie who is 2 years old. Fostered with another Staffie & they played & played, now shares a kennel. However he has been returned to us 3 times within a few days so we are looking to place him in a safe home as an only dog with a family who will focus on his needs. Needs rehabilitation back into home settling as wary in new settings can bark. Where he got his furry tail from we'll never know but it suits **Harrison Ford**

### Hector Staffie DofB 22.10.13 Guildford Kenns

Hector is sad & reserved. Hector soon comes around & is affectionate & caring. Due to a brief homing where Hector was expected to settle immediately in & sadly we no longer can home him with children & have decided he needs a devoted family with soft kind methods to swell his nerves & build on trust. **Do you have Hector's House?**

### Kyla Staffie x DOB 11.09 Worcester Park Foster

Lucky Kyla her fosterer was/ is a volunteer dog walker when she arrived, & offered her foster care post spay & she has been there ever since, getting the love. Kyla has gained confidence meeting dogs & settles within the heart of a family. Kyla is a 7 year old stunning girl with so much Charisma. Still needs support around off lead dogs but happily sits & focuses on you when instructed. Fostered as an only pet **Heart throb**

### Lily Staffie DofB 2009 Guildford Kenns

Lily is a little pocket rocket. She is keen, happy & will set your social agenda to get you out & about in neuter & having happy times. Why not devote yourself to this little darling who need stability & to get beyond the kennels & back living life again. **Sincerity**

### Maisie Staffie DOB ?2008 Farnham Foster

Maisie is soo lovely & wonders why she is prison 5 years in kennels & 3 Rescues. She has built confidence around dogs which once clouded her rehoming. Very gentle Maisie is shy in herself, needs to be sure before she placed little licks your way. Walks alongside other dogs now very well but doesn't like off lead dogs in her face so needs support here like most Staffie bitches with tell intrusive dogs off & walk on. **Peach**

**Marley Staffie DOB 03.08.2013 Guildford Kenns**

Our beautiful boy who lacks self confidence in himself & around dogs. Had at least 3 homes before Rescue. Can be a bit chewy but easily occupied with a natural bone. Marley needs companionship is just a puppy in a 3 year old body Loves sofa lounging! Marley needs someone to walk beside him. Kind hearted. Has grabbed clothes when overexcited but calms with awareness. Experienced owner keep energy low; no malice. Not for children. **Stunner**

**Podge Staffie DOB 1.11.2009 New Romney Foster**

Podge has controlled health issues. Podge's owner died so she was handed in with her 2 companion since rehomed. Podge has poor lung function no tumours but lungs have poor elasticity so can get frequent infections which is harder for her to shrug off. Podge also has a fit about every 3-4 weeks which she quickly recovers from & doesn't need meds. Such a beautiful soul would love to be an only dog with a companionship home. Needs caring family who would have themselves a real gem Fostered with 4 dogs prefer only dog. **Dearest Easy**

**Sandy Staffie DOB 12.04.15 Broxbourne Kenns**

Sandy is enjoying her walks but very hyped up in the kennel & leaving the kennel block. Sandy needs spells in a home to settle & for us to see where she is in a calm environment. Sandy is now spayed: Mouthy like a puppy you can feel her teeth but never leaves marks...has yet to develop passed these instincts to hold with her mouth but will once she is given the chance. Only pet. **Sandy Sure**

**Rowan Staffie DOB ?2007 Littlehampton foster**

Chirpy, cuddly, antidepressant. Eager & ever-your-friend. Despite the fact he was dumped in a vets by drug addicts, Rowan shines forth & somehow we think they went out to help him rather than owned him as he is solid; healthy & all evidence is 'had a good background'. What is there not to love about this 8 year old golden brindle gent. **Gallant**

**Ruby Staffie DOB 05.2014 Reading Foster**

Ruby had a tragic early life growing up as a puppy in a violent family. She came into care as a young dog self protective & edgy but her heart is bleeding to be loved & share love. Ruby grew up with an older collie. Ruby is delightful; great out & about now. Ruby can suddenly have fearful moments but this is becoming less & less due to the loving care of her fosterer. Ruby doesn't cope in kennels so held in foster. **Eyes like Rubies**

**Sidney Staffie DofB ?2006 Epsom Foster** Luvverlly older gentleman who is loved in kennels. He is 200% Staffie full of love full of character meets dogs well but really not that interested. Now neutered, chipped, dental & wormed fully vaccinated...READY TO GO. **Ready for L O V E**

**Vinnie Shar pei x Staffie DOB 2008 Guildford Kenns** Vinnie is a beautiful Shar pei x Staffie. A really fun character. Had a sheltered background living with an older man who recently died so not socialised & gets flustered with dogs in close proximity due to lack of skills. Loves his tennis balls. People should read up on Shar Pei so they understand the breed so not to have high expectations ref fluency with dogs. The friend Staffie 'people person' shines out. **Sincerity**
